

# The ValueJet 405GT

Smart Printing Equals Value

## Direct to Garment Printer

The new ValueJet 405GT is here! Customize your world with personalized t-shirts, hats, workout apparel and more. No screens to burn or messy inks to deal with. Print custom designs and photographic art work directly onto your t-shirts with vibrant CMYK ink for incredible “pop” on white shirts and use white ink for printing on black and colored t-shirts. It’s small footprint, large easy to use 7” digital control panel, expanded print area and fast print speeds are only a few of the features that make the ValueJet 405GT a valuable addition to any print or screen shop.

# ANATOMY OF A VALUEJET 405GT
